About Us

Senica Photos is a small but ultra dedicated team of wedding photographers and videographers. Every project we take on is crafted with our heart and soul, with a tinge of spice (or boldness) to make them special. The goal we live by is simple:

To deliver every story through enthralling images & videos that moves people.

Knowing that weddings are one of the most important days of our lives, our team at Senica Photos documents memories reflecting joy and honest emotions felt on your big day. Every couple has a unique love story, and we'd like to tell yours through our work.
