WHITE LAVENDAR

## WHITE LAVENDER

Selecting pastel shades, lavender is perfect for romance. Jazzing it up for the rustic, country house wedding look, we will style the venue with jam jars, burlaps and tree logs, complimenting its barn-like neutral colour palettes. It also gives your party a more relaxed and casual ambience.

Simplicity, nature and character is what the rustic lavender theme draws.

ROSE GOLD & BLUSH

## ROSE GOLD & BLUSH

An all-time favourite wedding palette, this muted and sophisticated pink tone is perfect for the romantic and timeless weddings throughout all seasons. Gold will never let you down - the glittering shade of champagne gold shines through the rosy hue palette, adding a glimmering touch of brightness to the soft rose colour.

TIMELESS GREEN

## TIMELESS GREEN

Green and white is definitely romantic, ethereal and absolutely timeless. It is amazing for all seasons. It strikes well for a garden wedding with hortpark's natural backdrop of lush greenery. The combination of charming neutrals with whites and shades of greens is incredibly refreshing.
