Reviews

"Both Daniel and I had dined at Wakanui Grill once this year, and the place left a favourable impression on us with its nice ambience, good service, great food and wine.

When we planned our wedding this year, it was included as one of several options available for a small cosy wedding. We decided on Wakanui Grill for our October wedding at One Marina for its proximity to town, without being in a busy area. It also helped that they have an open area for solemnisation.

We liaised with Tony and Val about our wedding needs and preparations, and felt that we were in good hands. On the wedding day, everything went off without a hitch and the service and food staff were excellent, pulling out all the stops for a wonderful wedding and dining experience.

Our guests commented on the excellent food, wine and service and we would like to give special mention to the following staff at Wakanui (alphabetical order): Christine, Gabriel, Ganesh, Hayden, Kenny, Leon, Mae, Raja, Rowena

We would highly recommend this place for dining in and special occasions.

A tiny note: when it comes to your big day, the small details in event planning need looking into for a perfect day."

Great thanks to tony for the prompt response from the start and through all the detailed planning and execution. Without you and ur team, today wedding will not be a success.

The food is awesome and the service of ur staffs are world class. Hayden is a gem in your restaurant too. He guide us all the how to from march in to pouring champagne and for our thank you speech. He is very experienced and his customer service is beyond words to describe.

Reviews

I came from the US to get married to my sweetheart.

What initially was meant to be a last minute register marriage at a residence quickly evolved into a full fledged solemnization equipped with a beautiful venue and amazing spread of food and great company! This last minute wedding planning normally would be stressful and daunting but thanks to the wonderful staff at wakanui grill namely Tony and lenice and all the helping hands there that made it a grand success and took the weight off our shoulders and quickly prompted us about all the things we needed to make the wedding an amazing and memorable day.

Thanks wakanui grill I highly recommend them for weddings or even for a fine dining experience! Cheers!
