Capturing your emotions in the best possible way and translating them into a pixel perfect memory. It's a simple and honest process that we value and take pride in.

Be absolutely comfortable around us and just focus on enjoying your celebrations like you should.

Little things matter

"5 stars for Pez, or a hundred if I could!"

She texted me prior to the photoshoot to inform me of the seemingly gloomy weather to see if we will still go ahead with the shoot or postpone it - it was a very nice gesture as we could tell she wasn't a "just-go-through-the-motion" photographer but a sincere and thoughtful one."

- Bride Angeline

"I think what makes Pez really special is that she was sincere in getting to know us as a couple and that's why we felt so comfortable throughout the entire shoot.

- Bride Audrey

"Prior to the shoot, she has been nothing but really understanding and accommodating, allowing us to postpone the shoot due to both personal reasons and also the unexpected COVID situation.

Even on the day of the shoot, the weather condition was very uncertain, but Pez was in constant communication with us to work out other back up options. Thankfully the sky cleared up so we could go proceed with the original plan and got nice shots in return!"

THE FREQUENTLY ASKED; ANSWERED

DO YOU HAVE A STUDIO?

No, we do not own a studio but we can most definitely still shoot in a studio if you'd prefer that. However, please note that you will have to scout for and make your own arrangements for the studio location. At PresentOnPixels, we only provide photography services.

DO YOU PROVIDE ALBUM PRINTING?

Albums are not included in our packages. However, we are happy to share that our fellow POPpers can enjoy exclusive rates for wood printing with WonderWoodWorld (as featured on our partner's page). Please note that all wood print orders are to be sent to our email only in order to enjoy the benefit.

HOW IS THE PAYMENT LIKE?

Bookings are secured upon payment; on a first come payment first basis. We will require a copy of the signed contract and a 50% deposit. Accepted payment mode includes bank transfers, PayNow and GooglePay.

HOW LONG DOES IT TAKE TO EDIT MY WEDDING ALBUM?

We strive to have your photographs completed within 4 to 6 weeks. That said, backlogs accumulated during wedding peak season will require a great amount of post-processing time. We do not wish to compromise on the quality of our work and only want you to receive the best. As such, we may take up to 12 weeks (as stated in our contract) in the event that we're unable to meet the 4-6 weeks estimate. Thank you for your patience and understanding.

CAN WE GET THE RAW/ UNEDITED IMAGES?

Based on our contract, we will only deliver the final set of edited images. No RAW images will be returned. Should you be dissatisfied with our final edits (i.e. post-processed photos are largely deviated from PresentOnPixel's custom colors), please contact us and we will be pleased to work something out with you. We are open to feedback and hope to achieve an amicable settlement, if needed.

CAN I ASK YOU ANOTHER QUESTION?

The answer is always YES, even if you have 10 more!

Just feel free to drop us an email at enquiries@presentonpixels.com and we'll be on it as soon as we can.

I'M READY TO BOOK! WHAT'S NEXT?
